

I tried logging into my account, and it shows invalid credentials, what should I do?

- Check that you entered the correct phone number and password.
- Only one phone number can be used per device.
- If you forgot your password, tap “Forgot Password” to reset it.
- For detailed steps, [see the full guide](#).

When I tried making a delivery, I saw an "out of radius" pop-up. What does it mean?

- This pop-up shows when you are outside the delivery radius of the outlet.
- As a driver, you must stay within the outlet’s delivery area to complete the order.
- This helps ensure the order is delivered to the right customer.
- For detailed steps, [see the full guide](#).

Can I make sales to customers while on the move?

- Yes. On the **Customers** tab, you can record sales to one-off customers.
- Make sure your van has drinks replenished by distributor assigned to you.
- Tap “One-off Sale.”
- Enter the customer’s name and phone number.
- Click “Capture Coordinate” to record their location.
- Add the products, quantities, and any empties being returned.
- Enter the amount the customer is paying.
- Confirm the delivery, then generate a receipt and share it with the customer if they want.
- For detailed steps, see the full [see the full guide](#).

How do I return excess stock to the distributor's warehouse?

- Go to the **Products** tab.

- You will see all your products in your van (full, empties, and replenishment).
- Under **Replenishment**, click “Return Product.”
- Return the stock physically to the distributor’s warehouse.
- Update the return in the app to keep records accurate.
- For detailed steps, [see the full guide](#).

How do I accept or reject an order for delivery from the distributor?

- Go to the **Deliveries** tab.
- You will see all new deliveries and their status.
- Under **Assigned Deliveries**, select the order.
- If you can take the delivery, click “Accept.”
- If you cannot, click “Reject.”
- For detailed steps, [see the full guide](#).

Where can I see my total sales, cases sold, and number of deliveries?

- Go to the **Deliveries** tab.
- Under **Past Deliveries**, you will see:
 - All the orders you have completed.
 - The orders you rejected.
- When you click on **Completed**, you can view:
 - The products you sold or delivered.
 - Customer details.
 - The date and time the order was delivered.
- For detailed steps, [see the full guide](#).

Where can I check products that are in my van?

- Go to the **Products** tab.
- You will see a list of all the products currently in your van.
- This includes fulls, empties, and replenished stock by distributors.
- For detailed steps, [see the full guide](#).

How can I perform a one-off sale to customers?

- On the **“Customers tab”**
- Select the customer and click **“Sell to Customer.”**
- Select the product and quantity the customer is buying.
- Input the empties they need to return.
- Click **“Collect Empties”** if they want to return empties from previous sales.
- Enter the amount the customer is paying.
- Confirm and deliver the product.
- Click **“Generate receipt”** and share it with the customer.
- For detailed steps, [see the full guide](#).
