

How to receive AB and Bev products. On KUJA, you can easily receive new products into your inventory. Go to the homepage. On the Quick Action tab, click Receive New Stock. Or go to the Products tab and click View Deliveries or Receive New Stocks. Here, you will see the list of invoices to be received. Click on the invoice number to process deliveries. Take note of the brand to be received and click Confirm Delivery. If the products are good and there are no empties to return, check the box no claims and click Confirm. If some products received have faults, or if empties need to be returned, check the box raise a claim and click Confirm. Use the plus and minus signs to adjust the exact quantity you received. Select the claim reason and click Save and continue. Then upload evidence of the claim for products to be returned. For example, an image of the invoice with signed details. Click Proceed to Confirmation page. And then click Confirm and Submit Claims. You can also return empties while receiving new stocks. Check the box raise a claim and click Confirm. Navigate to Return empty. Select the type of empty you want to return. Enter the quantity of the empty to be returned. And click Save and continue. Then upload evidence of the claim, such as an image of the empties. Click Proceed to Confirmation page. And then click Confirm and Submit Claims. This process ensures your inventory is updated correctly. Faulty products and empties are tracked.
